## WELCOME

Dear Esteemed Colleagues and Guests,  
It is with great pleasure that we welcome you  
to the 4th Congress of the Iraqi Society of  
Radiologists and Medical Imaging (ISRMI),  
held under the theme:

**“Radiology Beyond Borders: Imaging,  
Intervention & Innovation.”**

This event will take place on 30th April- 1st  
May 2026, at Dijlah Village, Baghdad- Iraq, and  
promises to serve as a distinguished platform  
for innovation, collaboration, and knowledge  
exchange.

Together, let us shape the future of radiology  
and elevate patient care in Iraq.

Warm regards,

**Prof. Raad AlKhayat**  
Society president

## OBJECTIVES

for the Iraqi Society of Radiology  
Conference

- 1. Advancing Knowledge:** Update participants on international advancements, innovations, and emerging trends in radiology, imaging technologies, and interventional procedures.
- 2. Enhance Professional Skills:** Strengthen technical expertise through workshops and lectures on cutting-edge techniques, such as AI integration, advanced MRI/CT protocols, as well as best practices.
- 3. Collaboration:** Promote interdisciplinary partnerships among radiologists, clinicians, engineers, and policymakers to address complex healthcare challenges and improve patient care pathways.
- 4. Improve Patient Outcomes:** Emphasize the role of accurate diagnosis, minimally invasive interventions, and ethical practices in enhancing patient safety and treatment efficacy.
- 5. Highlight Interdisciplinary Integration:** Explore synergies between radiology and other specialties to optimize diagnostic and therapeutic approaches.

**These objectives aim to create a comprehensive, actionable framework that addresses both international advancements and Iraq-specific priorities in radiology.**
